On **June 3, 2022**, the Texas Commission on Environmental Quality required the **Military Highway Water Supply Corporation** public water system, **PWS ID# TX1080234**, to issue a Boil Water Notice to inform customers **(in the northeast and southeast of the intersection of FM 1015 and Malone St.)**, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.
