

## Boil Water Notice Rescinded

March 5, 2026

On March 2, 2026, the Texas Commission on Environmental Quality required the Military Highway Water Supply Corporation, public water system, TX1080067, to issue a Boil Water Notice to inform customers (**Villa Nueva, San Pedro, El Ranchito, La Paloma, and Los Indios**), individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of March 5, 2026.

If you have questions concerning this matter, you may contact Ricardo Perez, Water and Wastewater Superintendent at (956) 565-2491.

“This institution is an equal opportunity provider and employer”
