

Boil Water Notice Rescinded

(Lagos, Resaca Santa, Resaca del Monte, Palmer, Bent Tree
and others in the surrounding vicinity)

June 20, 2025

On June 19, 2025, the Texas Commission on Environmental Quality required the Military Highway Water Supply Corporation, public water system, TX1080067, to issue a Boil Water Notice to inform customers (**Lagos, Resaca Santa, Resaca del Monte, Palmer, Bent Tree and others in the surrounding vicinity**), individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of June 20, 2025.

If you have questions concerning this matter, you may contact Ricardo Perez, Water and Wastewater Superintendent at (956) 565-2491.
